JOHN T. BUCKLEY.

Simple Remedy.

Postmaster S. B. Holmes received the following letter on Thursday, which explains itself. The remedy is simple enough for every one to use and it can do no harm, even if it does no good:

LENORA, KAN., July 17, 1899.
Postmaster, Frankfort, Ky.:

Having seen an account of your town having small-pox, our city having a siege of same disease, it is a very bad thing to deal with. We had 25 cases here; lost both our doctors. Now if you will tell every body to take one tablespoonful of pure cider vinegar, no more will take it. This is a sure cure. If you will take the vinegar you may nurse any case of it. Be sure and try it and tell every one you see.

City Council

Had a called meeting Tuesday night to talk matters over and to systematize the issuing of orders for supplies and caring for the small-pox patients. The accounts which had been called for were referred back to the merchants, and they were ordered to get them properly signed and present them to the City Clerk.

Mr. James H. Graham, who is the Assistant to the Health Board, was given charge of the expenditures, and all orders will have to come from him in the future to make them good. He will confer with the Finance Committee of the Council at all times in relation to these expenditures.

Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. Peaks Mill.

[BY ANOTHER CORRESPONDENT.]

Bro. South ministered to his charge on Saturday night and Sunday last.

We, the people of Peaks Mill, were treated to a splendid rain on Sunday last, which ended our long drouth. Every body delighted indeed.

The candidates for jailer must be hustling. Several of them have been out this way recently.

Miss Anna Pierce left for Stanton, Ky., last week where she will visit relatives.

It is rumored (mind you only rumored) that there are strong thoughts of matrimony between a young man from Milltown and a young lady from Swallowtown.

Any one desiring to know where Swallowtown is, call on Bake Bacon.

Dr. Green Pryor, of Monterey, passed through our village last week en route to Switzer.

Mr. John Church accompanied Miss Fanny Haydon to church last Sunday.

Mumps is epidemic in this community.

Early in June the prospects were for an abundant supply of vegetables and fruit, and large shipments of strawberries and cabbage were made, but the dry weather has nearly ruined the crops and scarcely enough for local wants will be realized.

Miss Emma Kemper and Mrs. Sparr, of Gratz, Owen county, are here the guests of Mr. John Scott and family.

Miss Beulah and Miss Virgie spent the Fourth at Cove Spring Park. If you don't believe it ask Duard Black.

Mrs. Talbot, of Switzer, is here the guest of relatives.

Several of our young folks spent the first of the week at the mouth of the creek fishing and all report having a good time.

Some of the young folks of the Mill have got the "gads" very bad. They go Saturday and Sunday, come home on Monday, wash and iron on Tuesday and Wednesday, get some clean "duds," and go for another week or ten days.

It isn't Miss Bessie with William just now, but Miss Ida. You are very notionate William.

Cheap Excursion to Old Point Comfort.

The Chesapeake & Ohio Railway will run its second excursion from Lexington to Old Point Comfort, Va., on Tuesday, July 25th. Tickets will be \$15 for the round trip, good going on both morning and evening regular trains, and good returning 21 days. Stop overs will be granted at any station east of Kanawha Falls on return trip.

Old Point Comfort offers more attractions this year than ever before. Being the most prominent naval base during our war with Spain, it is fitting that the captured ships and trophies should be brought there.

A number of our war vessels are at Norfolk Navy Yard.

No other trip offers such a diversity of pleasure—mountains, sea shore, rivers and ocean—as does a trip to Old Point Comfort. Send in your name at once for sleeping car reservations.

An Excellent Piece of Stone Mason Work.

Mr. John Ecton (the well known and popular contractor and stone mason) has just completed the foundation of the mammoth warehouse now being constructed by W. A. Gaines & Co., at Old Crow distillery. This is one of the most beautiful pieces of work of its kind in the State, and is praised by all who have seen it. It is pronounced by leading architects to be built strictly in accord with the plans and specifications, and the firm is highly pleased and thoroughly satisfied with the job. There is no better piece of workmanship to be found anywhere, and it should commend Mr. Ecton as an up-to-date, first class, enterprising workman. Persons contemplating building this year would do well to give him a call.

Kicked by a Horse.

On Monday Mr. Dennis Onan was walking by a blind horse when the animal became frightened and kicked him in the side, breaking three ribs. Surgical attention was rendered and he is progressing as nicely as could be expected under the circumstances. It was a close call and the only wonder is that no worse damage was done.

Good News.

From all parts of the State the good news comes that the recent rains came just at the right time and have done an immense amount of good.
